Driving TIPS

- Drive on the LEFT.
- Do not stop on pedestrian crossings for anyone. They have the right of way.
- Look out for goats, who often share the roadways with us.
- Drivers tend to stop to chat with motorists coming in the opposite direction. When motorists flash their lights at you when entering a junction, they are giving you the right of way. Proceed with caution.
- Rush hours are between 7:00 – 9:00am and from 4:00 – 6:00pm.
- Don’t be alarmed by honking horns – it can be a warning but more often says “hello” to fellow drivers and pedestrians.
- There are many roundabouts in Antigua. Always give way to drivers on your right. Once on the roundabout, you have the right of way.
- Seat belts are compulsory. There is a fine of EC$150.00 if you do not abide by this law.
- If you have an accident, contact 911 immediately. Do not leave the scene of the accident or move your car. Also if you are in a rental car, contact the rental company as soon as possible.
- You will find that Antiguans are very helpful particularly to visiting drivers. Do not hesitate to ask questions, if lost. Rental cars are identified with an R before the number.
- If you are in an accident, try to enjoy it!
